

CMS OASIS User's Manual

Changes Between the Revised Version (December 2002) and Previous 4/01 Version

Updates and Recommendations

This table describes differences between the Revised Version (December 2002) *CMS OASIS User's Manual* and the previous 4/01 Version. The OASIS data set versions for each time point (Appendix B) were posted on the OASIS Web site in July 2002 and are unchanged from that posting. Chapter 8 has major changes related to changes in time points at which items must be collected.

Several chapters contain minor changes to specific pages. These pages can be printed separately to replace those same pages in the 4/01 Version. To facilitate double-sided copying, the page preceding or following each changed page has been included.
